“ Bri, our trio won't be a trio without you. Our hearts ache in mourning for the time we should have had left with you. We were supposed to party for our 21st, celebrate marriages, raise our future kids to be friends, and be three old women... all together. This isn't the least bit fair. I am filled with jealousy knowing Heaven gets to have you. I miss you, there's so much Kira and I have to tell you. I just want to watch one more of your hauls, to go out to eat at Texas Roadhouse one more time, for you to send me one more tiktok, or to have one more late night adventure with you. I miss you terribly, Bri. Kira and I both miss you. I know you're in eternal peace, exactly where God wanted you to be- I know faith carried you home safely and Heaven welcomed you with open arms and invited you in without a second thought. Our angel on earth, is now our angel in Heaven. I will think of you often and miss you always. It was a privilege and a pleasure to have had your friendship, and that I will cherish until we are together again. I love you Bri.
