“ We would like to thank everyone who left a message and to the family who was there. It means so much when you are at a loss of a loved one. I have never been through this and to have all the support that has taken place holds you up. All the people down to the nursing home, to Mr. Ott, friends, and family made a world of difference showing you, you are not alone. There were some special people that were there from the start of daddy taking sick who pushed me in the right direction, and I THANK them with all my heart and they held me up at the end..They know who they are..Lots of love and thanks to everyone who have donated for us to get his head stone also..GOD bless you all.

“ I will always remember Uncle David's laugh and the laughter we gave back even when we couldn't understand the joke because he was laughing so hard. I will cherish the memories of him and my dad going fishing together and the help and support he gave all of his at our dad's death. He was a special man, a great uncle and most importantly a good friend.

Love,

Kathy
