“ There will never ever be another uncle like George Dickson. You were my favorite and now you are with Nanny and Donna and the others from our family. I will miss all our talks and seeing you at family gatherings. Thank you for always being there for me when I needed a father figure. I knew you and Louie would always be close, especially since you helped bring my first born home from the hospital. You'll always be loved and missed.

“ We will always miss you and forever love you! We stop and watch planes every chance we get! To this day, I am still terrified of parakeets but ironically love to vacuum! Thank you for never pulling that trigger with Bambi too! You taught me to NEVER speak politics to relatives, ESPECIALLY Uncle Chuck! BUT most importantly of all, THANK YOU for being Uncle George!!! We love you and miss you!

“ From the first time we met Dick in Sembach, Germany in 1971 he was like we had known him forever. He was easy going, quiet spoken and a dedicated military man. We have remained friends and often got together for a friendly reunion with all our other friends from Germany. The last one being on April 20th this year. He was also a dedicated Mason and participated in Lodge affairs. He will be greatly missed by all who knew him, especially all his friends from Germany.
Our deepest sympathy, thoughts and prayers are with the family.

“ When you're looking for a hero to carry you away, flying on the wings of angels someone to save the day, from the mountains to the desert you can search your whole life through til you realize the hero is always there with you. Our's hearts ache.
