“ *My thoughts and prayers to Mr. Harry's family. Mr. Harry was a very kind and calming man. He was perfect in his job at Ott's - having to work with him closely after the loss of my sister and father, he knew just what to say and how to help people in their times of grief. I wish I could remember his words to offer his family at this time, I know they would help as they did so many times for the folks in the town of Branchville.*
