“ I was sadden, and surprised to hear of Ms. Inez's passing. I met Ms. Inez 27 years ago. She would come to the Senior Center on Metts St., where I was employed. I also remembered when she and Mr. Phil became united. Ms. Inez always spoke what was on her mind without hesitation. There was an incident where I was wrong, and the next day I came to work and apologized to everyone that I had offended publicly. Ms. Inez's response was, "at least she is woman enough to admit that she is wrong, I was 40 at that time, I'm now 66. Ms. Inez was a true trooper. I know that you all will truly miss her, but keep the fond memories alive. Beverly D DeLee aka Adams
