“ *I met Kathy in the late 80's when she became my mom's home health nurse. She was so caring and helpful during Mom's illness. I truly don't know how I would have gotten through those long months without her. She led me through those last days that we knew were coming with compassion. Rest In Peace, Kathy, and the only thing left to say is. "Well done, my child". My prayers are with the family.*

“ *To my dear cousin who had an identical freckle on the tip of your nose just like me, I'm thankful to have spent the last week in close touch with you. I just wish it could have turned out differently. I love you and can envision you dancing with Aunt Mary Emma and Uncle Robert and the rest of the hard-headed Thompson clan. I know you're hugging David in heaven as well. Til we meet again...*
