“ *I will miss her and know she will be missed by many. She was always happy to help with our mutual PT's but she was also happy to help as a friend. Always offering encouragement when my family members were sick with her nursing skills and also with her prayers! I lift prayers for her family as i know their hearts are broken.*

“ Sharlene loved and cared for everyone she met. She could make any situation fun and loved to laugh. As a nurse, she was a wealth of knowledge and answers to any question. As a friend, she was a safe space, she was like home, welcoming and warm. She was so precious to us. Lifting her sweet family up in prayer.

“ I first met Sharlene when I was a teacher at AJA. Over the years we would see each other occasionally and send messages to each other. In life you meet some people who you feel very little connection to, but Sharlene was the type you wanted to keep in your life. She was a hard worker but always took the time to talk with you. She was a great example of the "good of mankind!". Sharlene will be so missed, but think of her great family reunion she is experiencing right now!!!!

“ She didn't know me or my son back In 2019 while he was in the hospital in south Carolina due to a health issue but my sister told her about our situation and she came to MUSC to visit us and I so appreciated her visit to comfort us and breakup the monotony of our days spent there. I only met her once but she truly made an impact that I and he will never forget. She was such a bright light during a dark time
