“ I am so sorry to hear this. I met Tina through her sister, Pam, while working at Walterboro Family Practice. Their closeness reminded me of how my sister and I were before she passed away in 2009. Tina was a strong courageous woman who battled her many health problems head on when others would have given up. Her faith in God helped her along the way and He will be with each of you to help you through this difficult journey without her. My deepest condolences and prayers for you all.
