“To the family in their time of sorrow, the upright and blameless man Job expressed faith in the resurrection saying, in his intense suffering: "O that in Sheol (Hebrew, the grave) you would conceal me, . . . that you would set a time limit for me and remember me! If an able-bodied man dies can he live again? . . . You will call, and I myself shall answer you. For the work of your hands you will have a yearning."-Job 14:13-15. Yes, please take comfort that our Creator longs to bring those in his memory back from the grave.
